

Section 33.01 Approval for Sewer Service Outside  
the District.

Connection of any lot or parcel of land outside the District to any public sewer in or under the jurisdiction of the District shall be subject to the approval of the Board. If such approval is granted, the owner shall enter into a contract with the District whereby he shall bind himself, his heirs, successors and assigns to abide by all ordinances, rules and regulations in regard to the manner in which such sewer shall be used, the manner of connecting therewith and drainage in connection therewith, the payment of all fees and charges, including but not limited to primary facility fees, and such other terms and conditions as deemed appropriate by the Board.

Section 33.02 Approval Optional.

The approval of outside sewer service shall rest in the discretion of the Board.

Section 33.03 Special Conditions.

Where special conditions exist relating to an outside sewer, they shall be the subject of the contract between the owner and the District, including but not limited to conditions on completion of connection to the public sewer.
